The Game - I'm A Mobsta Lyrics

[feat. Young Menace]

[Young Menace + (The Game)]

Yeah! What is it? It's Young Menace, and the Game
(Hahaha, yeah) Stackin chips, G-Unit (Chuck Taylor)
Doublin down on who? (Compton's young guns)
Sacramenton's finest (Who f**kin with me?)
From Sac-Town to Compton, you dig?

[The Game]

Yo, yo, now ain't no tellin what the Game'll do, listen
dawg
I blow the guts out the dutch and do the same to you
And just to get shit crackin, I drop the toaster
Grab the Louis go Sammy Sosa
And you ain't gotta know me to know that, I hop out a
new pink
Rolls
With the fifty-two Pete Rose throwback
Haze in my eyes, listen to Bobby Womack
On the same corner where Eazy-E sold coke at
And dawg I'ma test your education
What do I mean when I say I move more birds than
migration?
I'm the nigga that'll smoke the purple, get high as a
kite
Down half the Goose then choke your workers
Don't make me put two in your shirt, dawg I put in the
work
Then move bags like Doony & Bert
And stuff work in the GMC, cause on my block
I'm the King of Rock like Run-D.M.C., nigga

[Chorus: Young Menace]

I'm a mobster, with a mac-11 chopper
That'll pop ya and put one through ya motherf**kin
collar
I'm a mobster, Robin Hood's like Kevin Costner
If ya f**k with my dollars I'll make you swallow my
daughters

I'm a mobster, I keep a bitch by my waist
Just in case I gotta draw down to get this big face
I'm a mobster, uh-huh, yeh-yeah
I'm a mobster, uh-huh, yeh-yeah

[Young Menace]

Shhhhh.. I got a lot to say
Dawg I gotta get paid that's why I rock the lle'
And chop the lle' to push bricks through your block a
day
I'll bring terror to your squad and make you rock away
Don't depend on tomorrow you can get shot today
I'll spit acid on your turf and watch your block decay
Dawg I spit on your grave and fertilize you too
I hit 'em hard with 16 bars, flames and fumes
Somebody needs to push your infant rap back in the
womb
Go 'head and keep talkin that shit and get your life
consumed
I put a hole in your chest dawg the size of the moon
Yeah you musta been talkin, how'd you get out that
soon?
(You f**kin snitch!) I got a chop that'll touch yo' head
like
Vidal Sassoon
You don't wanna see my platoon, I got gorillas and
baboons
That won't hesitate, they gon' do what they have to
When there's beef on the streets it's on for life like
tattoos

[Chorus]

[Verse Three]

It don't matter what season, it don't matter not a day
I move traffic through the city, plus I keep the right of
way
I'm on point like Bibby, I'm the leader of the team
mayne
Got the whole city amped just like a Lakers versus
Kings game
Everybody's fired up, I drop major packages
I'm never doin bids because my game is so
immaculate
A bitch try to snitch, "I Can't Deny It" like Fabolous
Before the evidence gatherin, someone's in an
ambulance
Now that'll learn you to keep your big mouth shut
Those with big mouths I got the perfect size nuts
Yeah I do my dirt, but I wash my hands thoroughly
Handle my business first so I can celebrate early

It's business before pleasure my business brings me
pleasure
It feels good to be able to shine, in any type of weather
That's why I do what I gotta do so my money's lookin
tight
Whether I'm jukin on the block or have bitches hookin
lights
Y'know?

[Chorus]
