[The Game]

I'm from Compton where them guns bust, watch Poppa  
George pop  
Cats tellin jokes at them car games  
Seen big face hundreds, handle the rock like Nate  
Archibald  
What? This nigga only sixteen  
And I wanted to be, just like him, middle school fightin  
Any nigga with a chip on his shoulder, whattup nigga?  
You want beef with me? Now I let the heat speak for me  
No more talkin, just outline chalkin  
Nigga Witta Attitude from birth, "100 Miles and  
Running"  
Gunnin bustin shots like fuck the cops  
Notorious for burnin blocks, weavin in and out of traffic  
and chop  
Game the young Robin Hood of the block  
Steal from the rich, give to the poor, coward niggaz  
rock  
Second comin of this black Alfred Hitchcock  
Kick in the door, wavin the four-four  
Ten shots to your spleen, let them violins sing

[Chorus: Blue Chip + (The Game)]

Yo, I'm just a ghetto nigga stuck in this game,  
young'uns runnin with 'caine  
Rain hits so we floodin the game  
When you come to Compton respect the grounds, leave  
you shook man  
(And I look good, from Compton to Brooklyn)  
Hey yo I don't give a fuck who you are, fuck ya ice  
Fuck the block that you claim, fuck your Bentley Azure  
(Dead presidents is all I represent)  
('Til y'all met me y'all niggaz ain't met gangsta yet)

[The Game]

Fast cars, money and muscle, the hustle I was brought  
up in the 80's  
Gangbangin, dope traffic, shit get crazy  
From where niggaz grow up hard like dicks raised

Them hustlin guns like Knicks players, we got mouths  
to feed  
'Til they put flowers on me, moms kiss my cold cheek  
In that pine box, I'm buyin rocks, eyein cops  
Fuck a cell block, the young kid makin it happen  
Who you think got them fiends runnin back like Bo  
Jackson?  
I'm a gangsta, what else could I say?  
I'm ahead of myself like it's Y4K  
2Pac, Scarface, N.W.A.  
Taught me how to dodge them bullets, keep my wig in  
play  
Keep fo' snug in the waist or pay a thousand to have  
'em  
Niggaz in the street move faster than, Michael  
Jackson's album  
But the shit don't really matter to me, we get better G  
Bet the four slow 'em down like PCP

[Chorus]

[The Game]

Real gangsters never talk shit, handle they business  
Fuck the dry snitchin and bitchin, niggaz die when  
them bullets fly  
Who fuckin with him, ha? Not a nigga alive  
End up dead in that 5  
He got no sympathy for them dead guys, friend or foe  
Watch that chest cave in, what that vest savin?  
Make it sloppy for the autopsy, leave my enemies in a  
frenzy  
On the frontlines holdin a 9  
Everyday a new chapter, my own niggaz plottin on me  
Tryin to hit me but they won't get me, feel the semi first  
Fuckin with my dough, is the worst way to go  
Y'all know, niggaz cry when them bullets burn slow  
dummy  
In and out of spots watchin my money  
If one dollar come up missin bodies start to come up  
missin  
No one too heavy for the Expedition, piss on your  
corpse  
Watch your soul shiver, throw him in the river, bitch  
nigga

[Chorus]
