The studio on lockout like the day they let 'Pac out

Back to drop out, store the blackout

Homies say the cops out, stash spot got popped out

Grind 'til I clock out, tick tock out

Shake shakin them haters off, runnin a hot route

Get my Mike Williams on, homey do not doubt

#1 in Southern Cal', knowwhat!mtalkinbout?

Suckers up top on, shut 'em out of the pros

But runnin the fo'-fo' open them do's

Run and gun how I 'em them shows

When they see he can ball, let the cold flow open them
hoes

I'm here, so go against my arrival is suicidal

Homicidal dynamic certifiedal my mob or die crew

You niggaz been lied to, we the best that did it

since Big was wit it and don't forget it (M.O.B.)

[Verse Two: M.O.B.]

Yeah, yeah, it's the mob nigga, ha ha

Ay Tec I get these G-Unit niggaz trippin

Talkin shit 'bout niggaz like they can't come up missin

Ay look I'm here so you don't get the story twisted
When I catch him slippin I'ma gun him down homey pay
attention
You niggaz fin' to pay a visit, with readmission
What'chu know about cemetaries and morticians?
Know dat, can't run or escape like lo-jacks
With bullets that I aim cock spit and throw back
I'm Mr. Lemonhead on your block in a gold 'llac
Escaped from Death Row so stop askin where Suge at
You niggaz need your minerals, vitamins, three
chemicals
Lyrically invincible spittin repeated principles
I'm killin you, I ain't feelin you meanin a war
Cause when we mob through the door, e'rybody on the
floor
It's the mob {*echoes*}
