...middle finger to the fact that niggers hate...
Give me a pink cup to pour my rose in
I'm in the same car with...
... this is a celebration,
So get your hands up, nigger get your hands up!
Now, which one of us is really mr. west?
Proolly the one of us that really need to wear his vest
And I'm just shootin' my nigga some subliminals
'Cause he got all the bitches and I be with all the
criminals
... sound like some crazy...
Now, when you see me, I'm the...
... but you don't know it's me, though
... man, when I shoot, get the bus like we do.
Technical niggers, get the morphine, you niggers,
Hit your block in...
Just circle it, niggers!
... I'm serving, you niggers
I didn't think I've been... serving you niggers,
And it ain't lights and... when I'm serving you, niggers,
... put the bullshit out, I hope it worths for you, nigger,
... I got the... for you, niggers!

Chorus:

Like, uh, mr. west, mr. west,
Uh, mr. west, mr. west,
Uh, mr. west, mr. west,
Neah, which one of us, is really mr. west?
Uh, mr. west, mr. west,
Uh, mr. west, mr. west,
Uh, mr. west, mr. west,
Neah, which one of us, is really mr. west?

... eat your money up, you know how 'em whores do
... I swear to god they gonna love you,
... wait to be undercover.
I'm six five, nigger, basketball size,
Like I can't fuck with basketball wives,
I'd be your basketball... with your basketball...
... watch a basketball game!
Damn! but I ain't talking about...

I ain't talking about...
I'm just talking about game!
That's... and the boy got...
The boy got...
Jeeze, in the parking lot, the niggers talk a lot,
The way... hip hop should be a better shot.
... cash money big, are you trying to...
... somebody gotta call the shots!

Chorus:

Like, uh, mr. west, mr. west,
Uh, mr. west, mr. west,
Uh, mr. west, mr. west,
Neah, which one of us, is really mr. west?
Uh, mr. west, mr. west,
Uh, mr. west, mr. west,
Uh, mr. west, mr. west,
Neah, which one of us, is really mr. west?

I guess is me, yo, the highest on the...
I get so much money, why the fuck would I wanna be
ya?
Shit, I'll be everywhere, but I will never see ya
So... I'm a fucking, I'mma pee ya!

Sometimes I get... I'm just happy to be alive...
Four hours later,... more children,
Feeling like, hey, mr. west is in the building.
What happened to the competition?
Nigger, I killed 'em!
Can't drink crystal, and nigger hold children!
... like I know the niggers,
But haters says I fell off, I'm about to show the niggers,
Drinking... nigger, I'm so...
Made my meal with kevin hood, nigger, just like...
I made it rain and... like I was big...
I made it rain... when I was with...
I'll be unstoppable like jump in!
Now I'mma take you back the way I got chopped in,
West side... one team,

I just roll weed on your last album,
And after that I'm about to fuck your girl for about an
hour!
Look around the club, all I see is cowboys,
Man, cause I gotta respect the money and the power!
I just roll weed on your last album,
And after that I'm about to fuck your girl for about an
hour!
Look around the club, all I see is cowboys,
Man, cause I gotta respect the money and the power!

No one... they said that
... now they said that
You could thank me, now... said that
Mind playing tricks... only scar-face saying that!
But I'm about to... hit the...
Cut me for this lakers game, nigger hate the game!
Sometimes I hate the fame, they hate my bitch, they
hate my fame
I'm so hood, I might fly to new york and just take the
train!
... just take the train
So if you're in new york at two o'clock, don't take the
train!
I make nigger disappear, no... to blame
I'll split your whole team up, no...
Four hours, twelve calls, but the flow stays the same...

I just roll weed on your last album,
And after that I'm about to fuck your girl for about an
hour!
Look around the club, all I see is cowboys,
Man, cause I gotta respect the money and the power!
I just roll weed on your last album,
And after that I'm about to fuck your girl for about an
hour!
Look around the club, all I see is cowboys,
Man, cause I gotta respect the money and the power!
