Picture me rollin in that black B-M-dub, headed to the club
Fresh out the Tyson fight, Beamer all rimmed up
Shinin with the big homie, five-car caravan
Ridin shotgun, put that chronic smoke in the air
"Me Against the World" is what I told my foes
So it's me against the world, 'til they poke them hoes
Leanin out the window, flickin ashes off the indo
Throwin up Westside, I see, some of my kinfolk
Pull that blunt closer to my mouth cause only she know
I'm feelin bad about that nigga we stomped out in that casino
But fuck it it's Death Row - the big homie never told me
That my next blow could be my fuckin death blow
Tell Kidada I'm not ready, I ain't even let my momma know
I ain't got no kids, I'm only twenty-fo'
Before I can let the smoke out, niggaz let twenty go
The thirteen that hit the car was through the passenger do'
Now come wit it

[Chorus: Latoya Williams]

Never can say goodbye, never can say goodbye (to my friends)
Never can say goodbye, never can say goodbye (to my friends)
Never can say goodbye, never can say goodbye (to my friends)
Never can say goodbye, never can say goodbye (I will always keep you near)

I love it when they call me Big Popp-a
I only smoke blunts if they roll prop-a
Look I gots ta, catch the first thing smokin in Cali
And hit one of my bitches in the valley
Gotta call my nigga Sean, tell him reserve the don
Tell him to get the chron' and the teflon
I think they trippin off the homie gettin shot
But God bless his soul, Lord know it wasn't Pop
Or the M.A.F.I.A., Kim tell Cease get the fuckin truck

We 'bout to hit the Wilshire district, get fucked up
Pop mad bottles son, twist up the Phillies
I'm thinkin 'bout T'yanna, these niggaz is lookin silly
If this was Blook-lyn I would up the 9-milli
But fuck it we to the truck, roll the dutch, we out of
Phillies
Hop in the front seat, of that dark green Suburban
Heard another car swervin, gunshots close the
curtains; Biggie!

[Chorus]

[The Game Â– impersonating Eazy-E]
Layin in this hospital bed with bronchitis, I can't talk
Walked myself in and all of a sudden I can't walk
IV's in my arm, my wife Tomica at my legs
+Ruthless+, I mean Records, we got married on my
deathbed
I could hear Jerry Heller in the hall
But I couldn't hear Cube and Dr. Dre no more at all
Through all the bullshit them niggaz was my dawgs
Niggaz With Attitudes spraypainted on the walls
I'm flatlinin, it's bad timin
+Straight Outta Compton+, the king of gangsta rap's
dyin
Cause of death, the AIDS virus
Conspiracy, I guess the government just hate violence
They thought my group influenced the L.A. riots
Woulda been here to see my kids grow, if I stayed
quiet
Took 12 years for a real nigga to break silence
Eazy I had to let 'em know
You could catch me, cruisin down the street in my six-
fo'

[Chorus]
