Nigga got a V12 engine mouth
til i bust that chrome
they screamin like a bitch
when them hollow tips crush them bones
when i call 50, BANKS & YOUNG BUCK is on
they bringing heavy artillery
when I _chirp_that____phone____
grew up with the holy ghost
went to church from home
badboy since birth like justin combs
been to the county jail once, it aint feel like home
promised to never go back if niggas left me alone
but the hood is the hood, niggas hate to see me get
money
so i cut the grass and i can see the snake niggas comin
they dont want me to be the best, so i prepare for the
worst
you got a teflon vest?
lemme see if it works

=====

[chorus]

Niggas spendin the rest of they life tryna PUT ME
UNDER

But till the day i die, G-Unit gon ride

Niggas spendin the rest of they life tryna PUT ME
UNDER

Hate all u want in your living room but dont come
outside

Niggas spendin the rest of they life tryna PUT ME
UNDER

If u wanna witness the album, come see it from _____?

Niggas spendin the rest of they life tryna PUT ME
UNDER

TRY and I'll make u my bitch, nigga suck my dick!

=====

Still like the every other city I go, niggaz is fake
down bottom LA to up-town NY state
no disrespect to my fans
i mean the nigga that would shake ur hand, kiss ur
daughter on the cheek

snitch on u then take the stand
Nigga that live by the modo
"Money Make The Man"
He aint gotta walk home, the sargent let him take the
van
and Quick said:
"Dollars make Sense"
So imma interior decorate his impala
Give him red tints
They ain't got those in THREE - ONE - OH
or WESTCOAST CUSTOMS, fuck em
and any who love em.
I spent a million on Bail nothin.
Show me his hood, I crush him
G-Unit get money and niggas gotta suffer

[chorus]
Niggas spendin the rest of they life tryna PUT ME
UNDER

Niggas spendin the rest of they life tryna PUT ME
UNDER
hate all u want in your living room but dont come

Niggas spendin the rest of they life tryna PUT ME

Homie I'm scared, I might have to take ur life
So when them thangs come out, u better run.
Homie I'm scared, for the sake of my newborn kid
Cuz i might have to do life in the pen.
Homie I'm scared, to kneel down and wash away my
sins
Try me and I'll do it again
Homie I'm scared, I been behind the trigger more than
once
Whats gon happen to me when god come?
