[Man talking]

Sup pimps? Pimps aint pimpin now that's why they got
to get out the game Women have mo' money than the
pimp, aint that cold?

Hoe have mo' money than the pimp

Hoe have mo' money than the pimp

Amen, Amen

Hoe got mo' money than the pimp

[1st verse Twista]

Do a playa like Twista got game I do declare

All these niggas out here claimin they pimpin truly
there

Like new rhymes I got to feel these hoes I'm in there
like booty hair

That's my duty there

And I got a public announcement for all you mufuckas
worldwide

Word to me xxxx for Keenbean all let her pimp a dream
team

If you aint got paper your girl tight

You let that girl slide

If it was me she would have to be out straight humpin

Shit she would have to do something

I was pumpin big back in 96' I need a new lick

But I got on a handle that function Legit Ballin or nuthin

I got it down kinda like dreadlocks

Smackin like Red Fox

Strollin slow

Smokin dro

Could you ever tell me how these ladies out here
coulda flow

Paper than a pimp that's the way the game go

[chorus 2x]

That's the way the game go

This xxxx done changed

Niggas done switched roles

Pimps aint got more money than the old hoes

[2nd verse Ms. Kane]

Hmm, hmm, hmm ,hmm

Guess the po pimp need him a hood rat

Cause a chick like me want a house on a hill can you
buy that

Where my ride at

Its type come out 99' stats

Let my ins, stack while you still po pimpin up in a old
Lac

You got to school me though

Got me everything down to my kings so you owe it to
dough

[Recognize A Boss Lyrics On]

Treat a trick like flow it to dough

Don't be ashamed if your game fall short for the love of
this hoe

The name Cane and I'm lovin the dough

Nigga holla all night if your talking bout given me mo'

Got a song that'll make you fall like a body like a bottle
of Glyphs on shape

When I'm touchin the toes

Got you touchin the moves hittin the store

Type of daddy getting dollars from the block ha

Bet you pimpin in the block bringin me gifts furs and
rocks

Ban Prada out of stock ha

Motion competition locked on

Getting Twista NBA droppin hot ones

I'm a chick and gotta clock ones

Get yo' game tight

You found it vic then you pop one

[chorus]

[3rd verse Twista]

Steady pimpin in the cream dog

Sip on some Hen

Gimme the flame

Show me the bud

Now I'ma pull a call

But its difficult when these lames all call bout

"Baby girl I don't wanna break your heart"

Steady drinkin off

Takin her out

Pickin her up

Come up off in the club offerin love

And softenin up

Where you get that game from huh bruh?

You comin weak and cant be pimpin her on the daily
and leavin the dubs

Baby know you a scrub
You gotta be more like the pimps in the industry
Much love to Eightball and MJG, Too-Short and Ice-T
Pimp C, Bump B, and Suga-free
Playa exact is what you couldn't be
Cause you a lame used to have game but xxxx done
changed
Couldn't take the reign caught up by these busy dames
And I heard you let em' the 6 and the Range
If you cant mack don't attempt to
Cause all women aint lame
Matter fact the hoes pimp too
Ms. Kane will xxxx around and pimp you
Coulda had control of her but they way you trick her
she meant to
You the type of pimp that's strange yo'
Have your girl flip the script on you or beat you out yo'
change dough
I hang low smoking the furry cango
While these sucks looking for love somewhere over the
rainbow
Cause that's the way the game go
