Got money in da bank, money in my socks draws,
money green range rover, Am rolling wit top dogs,
money behind the rim brand, on the top floor, so if rap
don't work I got money to cop more.
hundreds spoke daytons on impalas that's how we
rolling, hydraulics funded by da doctor, da dollars in my
wallets got bitches ha-ha-hollaring so I pop my collar
den.
Tell her to breath easy mommy come up for oxygen,
when your counting your benjamins, you witness all
kind of shit, throwing bullets defending that green like
donavon, yeh the bone crusher ya da chrome touch ya,
you can't get them off ur ass cocksucker the phone
buster.
Put bank on ur head my dow long like Russell, I.V, LEO
and L.A Reid, blow green like L.A. trees, and I got a big
enough buzz to sell in new York like
pele jeans.
