I rode down flushin', in a Rove down flushin'

The hood show me love like I was Hova down flushin'

Compton's Most, where the Yonkers flow

And I got love for Queens and the Bronx fo' sho'

Got squares blowing that Cali Drove muahfucker

And I off shot like Aly Mo at the rucker

Yeah the bird Flipper in Houston with the surve sipper

I'm nice around Mikes words in pimpin'

Got a mean knuckle game, I learn my dipppin'

In '87, when Tommy Hearn's was stickin'

I hear niggas dissin', why you have to use Jay?

Let that man retire

Motherfucka its a new day

[Lil' Flip]

(State your name gangsta)

(You gon' hold it down?)

[Lil' Flip]

I take it back to the block, them automaitcs'll pop

You try to snatch my watch, yo dumbass gettin' shot

I got the block on lock, and when the shit get hot

Ima switch up spots, I'm your boy

I'm breakin' bread with my homies, I'm bustin' lead at  
you phonies

I fuck your bitch when she lonely  
That's every other night  
I flip your wife for the green  
They call me Hustle Man  
Nigga, my money too big for a rubber man  
I'm a veteran giving fiends they medicine  
I'm in Compton with Game bumpin' Let Me In  
My nigga Will in the pen, he bout to come home  
Hey tell these niggas I made a million of a ring tones  
I got a spring home down in Tampa Bay  
And I was raised out of Scarface and UGK  
Now its my turn, I want that puff money  
Matter 'fact that ain't even enough money

[Cassidy]

Yeah  
(State your name gangsta)  
Cassidy, nigga  
(Where you representin'?)  
Philly, Pennsylvania  
(You gon' hold it down?)  
You already know

[Cassidy]

The streets wave their head cast, cause they know the  
industry fear Cass  
I got these chicks cryin' like tear gas  
Used to sell dirt weed, couldn't even put it in clear bags  
but years passed now my dubs puffy like air bags  
You might see me out in Houston on Flip Block  
With a ?? old school drop with the ripped top  
Forget it I got shit locked, admit it my shit hot  
I'm the bestest nigga since BIG, Pac  
Out in tha Westcoast with Game, I let the toaster bang  
ya  
Cut you more times than the cards in a pocker game  
Cause most you lames when and saw my battle with  
Free  
Now all you wanna battle for free  
You see if you ain't got millions to bet, or put your deal  
on the desk  
You ain't real and I don't feel you a threat  
So I suggest you get off my dick and go vote or  
somethin'  
'Fore you get the sawed off and tossed out a boat or  
somethin' (nigga)
