We gon meet some ladies tonight
Cause we got so much Spades and we got so many
cars
We go shoppin' for days
Everybody goin' cray, we gon party for weeks
I said that money never sleeps and

We gon meet some ladies tonight
Cause we got so much Spades and we got so many
cars
We go shoppin' for days
Everybody goin' cray, we gon party for weeks
I said that money never sleeps and
We gon meet some ladies tonight

We gon meet some ladies tonight
We gon meet some ladies tonight
We gon meet some ladies tonight (you're comin' home
with me baby)

I said I do I do I do I do I do, you know I do
Red Phantom, peanut butter guts, Winnie the Pooh
You know I got that honey with me, playboy bunny with
me
She got a kind heart, always acting funny with me
Said she far from perfect but I love her though
And would love her even if she was an undercover hoe

Notice she killin' that thang fo' me, notice she movin'
her ass
She got kids but that's the past, took my hand and took
my glass

I ain't focused on the flaws, I'm just focused on the
draws
I compliment her rather than I don't get no pussy at all
She love the niggas that rat, she hate the niggas that
ball
I'm 'bout to have a casting quarter

We gon meet some ladies tonight

Cause we got so much Spades and we got so many cars
We go shoppin' for days
Everybody goin' cray, we gon party for weeks
I said that money never sleeps and

We gon meet some ladies tonight
Cause we got so much Spades and we got so many cars
We go shoppin' for days
Everybody goin' cray, we gon party for weeks
I said that money never sleeps and
We gon meet some ladies tonight

We gon meet some ladies tonight
We gon meet some ladies tonight
We gon meet some ladies tonight (you're comin' home with me baby)

How many women in the club got a one to five?
Ain't had a break in days, know you need that glass of Spades
Girl you know I got it for you, know I got more than one
And we gon make that nigga jealous when that photo done
So take that picture girl, just make sure you smile
And text your babysitters, you know we gon be a while
And we can do whatever, go to MIA and chill
You try to travel state with him, I bet you never will
But hell na, he ain't tryna lose you cause the head is real
And all he wanna do is go in circles like the ferris wheel
That nigga sellin' dreams, I got a better deal
So girl come with me

We gon meet some ladies tonight
Cause we got so much Spades and we got so many cars
We go shoppin' for days
Everybody goin' cray, we gon party for weeks
I said that money never sleeps and

We gon meet some ladies tonight
Cause we got so much Spades and we got so many cars
We go shoppin' for days
Everybody goin' cray, we gon party for weeks
I said that money never sleeps and
We gon meet some ladies tonight

We gon meet some ladies tonight

We gon meet some ladies tonight
We gon meet some ladies tonight (you're comin' home
with me baby)

Fuck with me cause I don't that all these bottles for you
Baby fuck with me cause I'm blowin' all these money on
you
Baby fuck with me cause I don't that all these bottles
for you
Baby fuck with me cause I'm blowin' all these money on
you

We gon meet some ladies tonight
Cause we got so much Spades and we got so many
cars
We go shoppin' for days
Everybody goin' cray, we gon party for weeks
I said that money never sleeps and

We gon meet some ladies tonight
Cause we got so much Spades and we got so many
cars
We go shoppin' for days (blowin' all these money on
you)
Everybody goin' cray, we gon party for weeks
I said that money never sleeps and
We gon meet some ladies tonight

We gon meet some ladies tonight (We gon meet some
ladies tonight)
We gon meet some ladies tonight (We gon meet some
ladies tonight)
We gon meet some ladies tonight (you're comin' home
with me baby)

I said you're comin' home with me babe
So fuck that nigga
I said you're comin' home with me babe
So fuck that nigga

Tonight, tonight yea
So fuck that nigga
