And i don't do button up shirts or drive Maybacks,
All u old record labels tryin to advance,
Aftermath bitch take it like a mutha fuckin man,

If you take a look in my eyes,
You see i'll be a gangsta till I die,

[Verse 2]

I'm lowridin homie, 6 Tre impala,

Run up on my low-low you stop breathin,
Hollow tips make niggas dissappear like houdini,
Gang bangin is real,

Homie im livin proof like Snoop Dogg C-Walkin on top
of da devils roof,
Rap critics wanna converse, about this and that,
'cause red strings in this converse and this a Dre track,
Keep jibberin jabberin i'll pull a .38 magnum,
And get the clickin and clackin,
You'll homies will wanna kno what happened,
Come to Compton and see thriller like Mike Jackson,
I might be Spike Lee, of this gun clappin,
Prior to rappin I was drug traffic, and
In the dope spot playin John Madden,
Homie I aint braggin, I took five,
If u wanna die run up on that black 745

[chorus x2]

[Verse 3]

New York New York, big city of dreams,
I got my L.A Dodger fitted on im doin my thing,
Got me fuckin wit G-Unit you kno the drama that bring,
I got niggas in Westside Compton and Southside
Queens,
And Buck told me in Cashville I'm good when I come
through,
So i don't gotta tuck in my chain like DJ Poo,
I'm gangsta more like Deebo when he was Zeus,
Play bishop I paint that picture now who got the juice,
You niggas is nuts so, i take off ur roof,
Leave your ass steched out like a Cadillac Coupe,
God gotta let me in heaven all the shit I been through,
I was an OG in the hood before i truned 22,
Homie I'll let the .38 special rip through that vest,
And I don't contemplate whether or not he left that shit
on the dresser,
Got Compton on my back,
Im startin to feel the pressure,
I'm lyrically Kool G. Rap on these Dre Records
