All we got is each other
So let's go
Maybe you should stay a while for the night
Maybe you should stay a while in your life
Cause I don't want to be alone...
Let me see your hands if you wanna stay

Every beginning has it's end
And every rapper baby mamma has.
So I say it's ok to have friends
Take the haters cause without they ain't shit
Take the... all my haters on my dick
I am so... on a certain I am not real
Nigger what you steal now I am jeopardizing my deal
Teach these haters so I teach these haters
... where I can see them cause I... these haters
... hate on my... to hate on my bitch
... then I write this 7
Then already 8 I am not hungry no more I got 9 I am
straight

I never thought I will be in this mansion
Only get enough to get dope
Going across california
A lot of homies are not my friends no more
I've been around the world
I've been with a lot of girls
Yeah I drink till a nigger...
Hang over 2 girls in my bed I don't know
Me and my guy... who ain't here no more
Rest in peace to all my dogs
This one here is for yo all
Keep your picture on my wall
And memories... all

In the club popping bottles with my homies
It feels like yesterday
Wake it up 2 girls in my bed
Saying let's do it again like yesterday
On the freeway... staring at it but you can't have it
Tonight we're going in same thing tomorrow

We don't even talk about yesterday

On sunday I am in church with my daddy
In saturday I am drinking... work in miami
... new york don't give a fuck about what the haters say
I do it big that's the only way
... at 21 I had a white... freeway... bad day
Cruising on a good day I could say I get it on my way

Chorus

In the club popping bottles with my homies
It feels like yesterday
Wake it up 2 girls in my bed
Saying let's do it again like yesterday
On the freeway... staring at it but you can't have it
Tonight we're going in same thing tomorrow
We don't even talk about yesterday
