Girl, you're lookin' sweeter now  
You got it every day, girl  
Wish that I could love you now  
In a special way

You light my fire  
I feel alive with you, baby  
You blow my mind  
I'm satisfied

Outstanding (So outstanding, yeah)  
Girl, you knock me out  
Excited (I'm so excited, baby)  
It makes me wanna shout (Baby)

Gee, I feel so lucky, girl  
To have you all alone  
I really love the way you love me  
Forever I'll be yours
