This ends tonight that's what she said
Stop kidding yourself it's in your head
It seems we're killing time again
Tonight we'll never make amends

So lets make this very clear
It's not too late to disappear
It's not too late to change my mind
Your gone your hearts been left behind
Your hearts been left behind

Don't stop dreaming on a falling star
Stick to the path and don't stray to far

It's far too late that's what she said
I gave up on you before you left
I... a better past
Your not the worst your not the last

So lets make this very clear
It's not too late to disappear
It's not too late to change my mind
Your gone your hearts been left behind
Your hearts been left behind

Don't stop dreaming on a falling star
Stick to the path and don't stray to far
Don't stop dreaming on a falling star
Stick to the path and don't stray to far

Youve lost control
I'm letting go
I'm lost for words
And hell it shows
Youve lost control
I'm letting go
I'm lost for words
And hell it shows
Youve lost control
I'm letting go
I'm lost for words
And hell it shows

You've lost control
I'm letting go

Don't stop dreaming on a falling star
Stick to the path and don't stray to far
Don't stop dreaming on a falling star
Stick to the path and don't stray to far
Don't stop dreaming on a falling star
Stick to the path and don't stray to far
