I've got a question, I got to know

I see right what I'm looking for

I see, I see, I see

I got no hurry, I've got no fight

I know it's all in the hidden light

I know, I know, I know

I can't see it with my eyes

But I can feel it

And it might just be

A hundred miles away

I can't see it with my eyes

But I can feel it

And it might just be

A hundred miles away

I've got no business, I got no right

And I know, that's not very nice

I know, I know, I know

I can't see it with my eyes

But I can feel it

And it might just be

A hundred miles away

I can't see it with my eyes

But I can feel it

And it might just be

A hundred miles away

I can't see it with my eyes

But I can feel it

And it might just be

A hundred miles away

I can't see it with my eyes

But I can feel it

And it might just be

A hundred miles away

I can't see it with my eyes

But I can feel it

And it might just be

A hundred miles away

I can't see it with my eyes

But I can feel it

And it might just be

A hundred miles away
