Well, that iceberg
Well, wanna dewdrop
Well, at the sidewalk
Well, it's just a backdrop

Slow down, slow down
Do you feel like running?
Take a look around
Slow down

Well, got a history
Well, got a force field
Well, want a future
Well, got a mystery

Slow down, slow down
Do you feel like running?
Take a look around
Slow down

Well, revolution
Well, all the big wheel
Well, wanna fire fight
Well, wanna boogie

Slow down, slow down
Do you feel like running?
Take a look around
Slow down

Slow down, slow down
Do you feel like running?
Take a look around
Slow down

Well, well, well, well
