Now run run baby  
Run run run to set you free  
Run run run run baby  
Run run run run baby run  
I'll just set you free

Now did you know  
That I didn't love you  
And did you know  
I'd make a fool of you

Run run run run baby  
Run run run run baby run

There I was all alone  
Waiting for you to phone  
But you were out with another guy  
Why oh why oh why

Run run baby  
Run run run to set you free  
Run run run run baby  
Run run run run baby run  
I'll just set you free

There I was all alone  
Waiting for you to phone  
But you were out with another guy  
Why oh why oh why

Come on and run run baby  
Run run run to set you free  
Run run run run baby  
Run run run run baby  
Run run run run baby run
