"Children Of Rape"

Visit "[Children Of Rape](#)" on MotoLyrics.com

A woman is raped
Just sixteen years old
??
Another soul is sold
There is no escape
For the children of rape
A rape happens every second
Somewhere in the world
Babies born from hatred
A new epidemic will unfold
Born into ridicule in a world so cruel
Taunted from birth
By everyone on earth
Grow up like the creator
Commit the crime of conception
For the children of rape
There is no escape
