[Grotesque Affections]

I steal body parts from the morgue  
A collection of extreme rot and gore  
I bring home my work every night  
In jars of formaldehyde on the shelf

Killing animals for the evening feast  
My lover she bathes in their blood  
Time to put the spice in our sex lives  
Necrophiliac desires need to be fulfilled...

[Molesting The Dead]

I come home with a present the next night  
For you the gift of a rotting corpse...  
Strapping a dildo on decomposed legs  
Doomed to love... Only the dead...

[Orgasmic Mutilation]

The corpse is now gone - decomposed to waste  
Replacement denied... I lost my job  
So now you leave me - without you I can't live  
To get you back..... Now I must die  
Masterbate to the excitement of my suicidal intent  
?  
Knife in one hand and my cock in the other  
Slitting my throat ... Now I cum and die  
Find a victim lured with lust - the bait the promise of  
sex  
Naked they fuck I wait and rot - cuts off his head with  
an axe...

[Necrophiliac Secretions]

[Instrumental]

[Re-Animation Through Defecation]

You now return to dig me up  
Unearthed from my watery grave  
You can't settle for just any corpse

Our love continues... even in death

I feed off the warmth of you flesh  
Only my body can satisfy your lust  
Suck my dead cock swallow my load  
Defecation now occurs on your face

In death we loved -  
And we laughed...
