"Jah Go Before Us"

This is Marcus Garvey time, every words him said a
come to pass
Man woman and babes, on top of the roof fighting their
brothers
But how long will this go on - it must got to stop -
No bad can ever over come good

Take love and make we mash down hate
So throw away your guns, throw away your guns
Every man want to survive so let live in love and peace -
let's live in love and peace
Let Jah Jah go before us and make we mash down hate
Jah Jah go before us

It will be signs and wonders
Man will be running all around
So throw away, your guns
Throw away your guns
Every man want to survive so let live in love and peace -
let's live in love and peace
Let Jah Jah go before us - and make we mash down
hate
Jah Jah go before us.....
