We are the warriors, we are the warriors  
I said, are the warriors, are the warriors  
We will tell you what we defend, tell you what we defend  
We are soldiers marching for Jah , soldiers marching for Jah  
So they always want to track us down, they always want to track us down  
To nail us when our eyes are close,  
But we will never sleep nor slumber - we will never sleep nor slumber

(we) Stand at the gate well ready  
But we ain't showing no bombs and we ain't shooting no guns  
Jah Protect us so we tough, tougher than tough  
We are the warriors, I said we are the warriors,  
We are fighting against the wrong - fighting against the wrong  
To bring rights into the light - bring rights into the light  
So we are the warriors....
