I had fun, did you?  
You had some, me too  
I met girls like you  
Were they good? No just new  
All the pictures I have  
You look great, I look bad  
It's okay, things just change

Can I speak with you?  
Can we meet real soon?  
Are you down here too?  
Did you save me your shoes?  
All the pictures I've seen  
You look better than me  
It's okay, things just change

Take aim  
Take flight

You can keep me up all night  
You can keep me up all night  
Yeah, even though I know you're right  
You still keep me up all night

We look good as two  
Said we would, guess you knew  
You still meet with you there  
Buy you clothes change my hair  
All the pictures you see  
Maybe keep one with me  
It's okay, we just change

Take aim  
Take flight

You can keep me up all night  
You can keep me up all night  
Yeah, even though you're out of sight  
You still keep me up all night

Take aim  
Take flight

You can keep me up all night  
You can keep me up all night  
Yeah, even though I know you're right  
You still keep me up all night

Yeah, you can keep me up all night  
You still keep me up all night  
Yeah, even though you're out of sight  
You still keep me up all night
