I awoke and took a bath in cloudy water for ages and  
ages  
And then I wrestled with your hotel robes and sheets  
and pillow cases  
I ran my hand along the trenches that you dug in the  
headboard  
I fell to pieces every time I heard you say that you don't  
need me anymore

When I gather up the strength imp gunna drive up to  
your doorway  
When no one answers I'll just follow you to work along  
the highway  
I dial your number from my car but you don't like to  
take my phone calls  
Call me crazy but I just can't believe that you don't think  
of me anymore

And I don't wanna be a burden  
And I don't wanna drag you down  
And you can find another lover  
But you know no matter what I'll always be around

It's been a while since you been gone but I still like to  
write you letters  
I admit I get detoured when they comeback return to  
sender  
On sweetest I'm gunna buy a box of chocolates and  
some flowers  
Then I'm gunna pour my heart onto a card to make you  
realize you'll never find another love as good as ours

And I don't wanna be a burden  
And I don't wanna drag you down  
And you can find another lover  
But you know no matter what I'll always be around

And captures on your Polaroid  
Are empty squares on calendars  
And anecdotes you tell your friends of an affair that  
never ended

This is far from over  
This is far from over  
This is far from over  
This is far from over(ill always be around)  
This is far from over  
This is far from over  
This is far from over  
This is far from over(ill always be around)  
I'll always be around
