It's too bright outside Delila,  
For you to take me down,  
Hello goodbye Delila,  
You can't save me now,  
Don't ask for gold or money,  
Cuz it won't make you proud,  
All I have to offer,  
Is better anyhow,  
Hello rely on me,  
To figure it out,  
The air is too much for me,  
To breathe right now,  
So I could walk away,  
You know I could walk away,  
Right now,  
It's too cold outside Delila,  
For you to search for him,  
Go on outside Delila,  
Don't you come back in,  
Fall on your knees Delila,  
Still stand up tall,  
Drop on your knees Delila,  
You bet you when you fall,  
Hello rely on me,  
To figure it out,  
The air is too much for me,  
To breath right now,  
So I could walk away,  
You know I could walk away,  
You know I could walk away,  
Right now
