You said your peace
It's killing me
I can't believe it's over

You're not the enemy
But underneath
You don't agree
Take comfort that it's over

Your hands tied
You fell shy
Believe I'm on your side
Now and forever

Jealousy won't get you anything that you lost
Jealousy, it will never be what it was
Jealousy, now I'm afraid of what I've become
Jealousy, it feels like everything's come undone

You're not the enemy
But underneath
You don't agree
Take comfort that it's over

There's an urgency
A dire need
For the remedy
Take comfort that it's over

Jealousy won't get you anything that you lost
Jealousy, it will never be what it was
Jealousy, now I'm afraid of what I've become
Jealousy, it feels like everything's come undone

No matter what the price, they can't take me
No matter what the price, they can't take me
No matter what the price, they can't take me
No matter what the price, they can't take me

No matter what the price, they can't take me
