"Sweet Sweet Baby"

just a sweet sweet baby
just a sweet sweet baby
just a sweet sweet baby
What a sweet sweet baby!
Why do you want to hurt me
Im king of the road
Well you don't know Darlin'
To much harder to roam?

first you tell me your hurting
then you tell me
you don't need me anyway anyway
You've got nothin' to learn
you've chained me baby
I will break you to get free

just a sweet sweet baby
just a sweet sweet baby
just a sweet sweet baby
What a sweet sweet baby!
Why do you want to hurt me
Im king of the road
Well you don't know Darlin'
To much harder to roam?

You think you got what i need
to build me up to keep me down here
on my knees
So you better leave me alone
Your heart is too painfull
So baby just let go of me
