Where's the life that you promised  
I'm blinded by all the city lights  
They keep me wide awake tonight  
I let my life go the high way  
Somehow I never saw the signs  
Yeah, I put all my trust in painted lines  
Now all my stories sound the same  
Yeah, and I've got no one else to blame

I know so don't say anything  
I poured out my heart when no one was listening  
Now I'd do anything to sleep  
Cause the voice in my head is screaming  
I know so don't say anything

Where's the life you imagined  
A perfect job, a house, a car  
A pretty view from a big back yard  
You left your life for my way  
No steady wage and a cheap guitar  
Now we're right back at the start  
From the start it just gets harder

I know so don't say anything  
I poured out my heart when no one was listening  
Now I'd do anything to sleep  
Cause the voice in my head is screaming  
I know so don't say anything

I know I'm a disappointment  
But I bet it all and never folded  
I know I'm a disappointment  
So why do you believe in me  
Cause the voice in my head is screaming

I know so don't say anything  
I poured out my heart when no one was listening  
Now I'd do anything to sleep  
Cause the voice in my head is screaming  
I know so don't say anything, yeah  
I know so don't say anything
