I feel like, like I'm trying too hard
For better life
Or at least a better heart
They need any way that you see fit
Hang me close by so you won't forget

Please, oh please believe
In anyone but me
I'm somewhere in between
Oh, who I am and who I want to be

My name, three words I can't replace
A masquerade doesn't matter anyway
And I'll be okay
Don't wait another day
I'm too hard, too hard to change
Your voice flows
In a song I could not compose
Your heart can sing
In a key that fits anything
I'll make it through the night
Sing to me just right

Please, oh please believe
In anyone but me
I'm somewhere in between
Oh, who I am and who you need

Please, oh please believe
In anyone but me
I'm somewhere in between
Oh, who I am and who I want to be
