If you had a chance to leave
And take some time without me
How far would you go
How long until you know
I've been waiting patiently
For your heart and body
All the things we'd love to be
And you'll stay with me
Let's take a walk on Saturday
Let's find a place to get away
We don't get down in front
We never get what we want
Show me something new
Tell me what to do
We don't get down in front
We never get what we want

Lay down right now
Let's go around with claims to beat
It's now hard for me
You're impossible to beat
I must have been so, so, I don't know
Confused or scared to share me
Surround yourself
Surround, surround, surround yourself in me

Oh yeah, on our walk on Saturday
You said you might not stay, hey
If you had a chance to see
How your life would look with love for someone
constantly
Would it still be me

Lay down right now
Let's go around with claims to beat
It's now hard for me
You're impossible to beat
I must have been so, so, I don't know
Confused or scared to share me
Surround yourself
Surround, surround, surround
I must have been so, so, I don't know

Confused or scared to share me
Surround yourself
Surround, surround, surround yourself in me
