Wading trough lies
Knee-deep in filth
For a taste of their wisdom
The knowledge they preach
Man is but mice
Food for the cataclysm
Food for the cataclysm

Enter the martyrs
Enter the martyrs

Crawling the earth
Bloodstained our eyes
In our thirst for redemption
In crucifix dreams
The rush of stigmata
The sting of the needle of god
The sting of the needle of god

Enter the martyrs
Enter the martyrs

Enter the martyrs
The saints of corruption
Enter the martyrs
