Iâ€™m out on a ledge looking down
Priorities changing instantly
Open, exposedâ€¦Breaking down
Until everything becomes clear to me

If I could just slow down I know Iâ€™d feel this way most
every day and say
Iâ€™ve made up my mind
Iâ€™m alive and nothing can ever take that away

Nothingâ€™s ever set in stone
Clutch your stone and donâ€™t let go

I dive into white wash
Breaking through the curl of blue
I tame the chaos
Water cools and makes anew

If I could just slow down I know Iâ€™d feel this way most
every day and say
Iâ€™ve made up my mind
Iâ€™m alive and nothing can ever take that away

Nothingâ€™s ever set in stone
Clutch your stone and donâ€™t let go

Oh, brother mine
Help me to redefine myself
To use this stepping stone to never be alone
This is my stepping stoneâ€¦My stepping stone

Now I knowâ€¦Take it slow
Clutch that stone and donâ€™t let go
Friend or foe, the ebb and flow have to show room to
grow
So clutch that stone
Donâ€™t let go of the stepping stone
Now I knowâ€¦Take it slow
Clutch that stoneâ€¦Donâ€™t let go
Nothingâ€™s ever set in stone
Clutch your stone and donâ€™t let go

Oh, brother mine
Help me to redefine myself
To use this stepping stone to never be alone
This is my stepping stone...My stepping stone
