Walking time-bomb
Living sin
Monument of lies
Raised within

You know that i'm the only one
Who could save you from yourself
The swing of the axe shines white
Now taste the cut
I'll burn the pain
Right out of your soul
I'm in your veins now
And i'm in control

I am Strychnine
I'll save you from a life in shackles
My white heat burns your eye
I am Strychnine
I am Strychnine

Crowned in blinding light
As your souls is torned apart
A hollow shell in shock
I'm like razors trough your heart
I'm the only one
So lose yourself in me
Have no fear, your souls will be mine
For all eternity

Walking time-bomb
Living sin
Mounment of lies
Raised within
