[Chorus: repeat 2X]

Don't you see- it's all how you look at me  
Don't you know-that that's how it goes

[The Grouch]

Everything he did was for a reason  
They used to wonder why he stayed quiet-he was  
planning  
Expectations came like seasons  
But build because the way he builds is thorough  
I'm sure he would hide  
Have no one by his side, when he was thinking  
Present it when he meant it  
But most of it it went without sinking in  
He'd been to the other side, came back  
Took another ride went to learn more  
Concerned for his future  
Fellow peers are true to, emanate from him be among  
him  
He used the resources available to set sail  
Leave a trail like a snail, so the rest couldn't fail  
He wasn't the best-he gave his all though  
He had this huge elaborate dream  
That one day they would all know  
And understand his motives that's why he wrote it  
hoped they quote it  
Plus analyze the way he thought is interesting  
Mentioning his name in the same breath  
He saves those who need respect  
He'd lay low and redefect from his mindpower  
And now his friends can conjure the wind  
Forever strong to the end - he traveled with these men  
Making an impact not everything was intact  
But his blueprints were genuine  
A work of art a perfect mark, he planned to leave-  
peace  
He worked with his hands conceived with his brain  
Believed that his pain was teaching him gain  
To each just a name was how they saw him  
Awe Him!  
He's just a bumper head someone said he's mean

His friend's mother called him a loser  
To others he was a bidi fiend--a weirdo--  
Someones hero  
Don't get near though-he's an asshole  
He said she said he's bigheaded  
Some kid sweated him for having all  
Always felt he had nothing  
He was small on large scale, large on a small  
But when it's all done  
It's only HE, who knows who I am

(speaking)

Who knows who I am? Who knows?
