Heaven only moved once yesterday

Before the moon and stars were born  
Angels makin' love  
And all along the coast of fear  
Devil come screaming and tear them down

Heaven only moved once yesterday

In a neon jungle far below  
Bargain basement prayer  
A mother mourns her dying child  
Never people taking the time to care

Heaven only moved once yesterday

Half the time they're trying to take 'em away  
Everybody once we knew  
Pay a dollar at the gate  
A dead man gonna be coming on through

Heaven only moved once yesterday
