I WILL PLAY A RHAPSODY
WRITER BURTON CUMMINGS

What will you see? What will you be? Anything you want
to love is easy How will you know if I am for you You
won't know me to see me, but you'll know by what I do
(chorus) For I will play rhapsody Cleverly disguise it so
it's not been heard before And I will sing a lullaby Let
you know I'm near you through the night to keep you
warm How will you know where you should go
Anywhere you want to love is fast or love is slow Falling
through feelings and falling through time You won't
know me to see me but I'll come to you in rhyme
(chorus) I will play rhapsody
