Why do you keep me  
Way underground?  
My sight is dying  
As was the sound.

Why do you paint me  
And cover me with jewels?  
Where are we going?  
What are we going to do?

You used to say, you'd take me home

But, I keep falling to the sister  
Brother falls unto the sister  
Keep getting pushed further and further  
Away

The sins of me  
They buzz and hiss in the trees  
Their little skeletons  
Will harm no one

Why do you always  
Bring them back to me  
They're kingdom come  
And earth will be done  
On heaven and earth and me

You used to say, you'd take me home

But, I keep falling to the sister  
Brother falls unto the sister  
Keep getting pushed further and further  
Away

And who is that there  
Always beside you  
When I count us together  
Together we are only two

I had a dream

And there was foxtire in your hair  
I am your brother, your lover  
I give you my blood  
I will follow you anywhere

You used to say, but, you never know

But, I keep falling to the sister  
Brother falls unto the sister  
Keep getting pushed further and further  
Away
