You told us it's all around
A world bigger than your town
Nothing's gonna be so easy,
Like on a rainy day
Even if you thought it couldn't be that way

Gold words I can hear now
Clearly coming from your mouth
You'd better get a move on baby,
Time is running out

CHORUS

I can't waste time
And you know what I mean
Many lost days in this town for me

Walking up I touched the ground
I'll find what I never found
There will be a star for me
Even if it's a rainy day
And you still think it couldn't be that way,

Gold words I can hear now clearly
Coming from your mouth
You'd better get a move on baby,
Time is running out

CHORUS

I can't waste time
And you know what I mean
Many lost days in this town
I can't waste time
And you know what I mean
Can you come back on the ground with me?

BRIDGE

I can't take it any more
Rainy days I'll be so strong... with you.

CHORUSx4

I can't take it any more
Rainy days I'll be so strong...oh yeah
