~Hey Ethan,
Your painful eyes,
I can't even recognize,
I know she's gone,
Hey Ethan,
I know she's gone,
Remember it's dark before the sun,
Remember you are her son,
Hey Ethan,
Oh yeah, Hey Ethan, [x2]~

Hey EthanÂ...

I remember,
I remember,
I remember,
I remember her,
Oh yeah I remember her,
And everything she was,
Hey Ethan,
How long?

(chorus)

Remember you are the one,
Remember you are her son,
Hey Ethan,
Oh hey Ethan,
A sapphire for meyer,

Do you remember dying Ethan?
Do you remember Ryan Ethan?
Remember meyer Ethan,
Got to remember her
