Wondering why you never sleep  
It's in your dreams  
That you don't know  
Please don't change nothing at all  
The futures blank and everlasting

But I can see  
The clouds through channelling, fencing, explode  
From the ground  
And consume me

I fell asleep  
Out on the lawn  
I work out a barn  
Way down the road  
I am young but I don't belong  
I am no one who can see your soul  
Your soul  
Oh no

So limelight comes  
In different states  
Shadows fall with no intention  
But if only you'd answer your phone  
Come tonight I'm going no where

I can see  
The clouds through channelling, fencing, explode  
From the ground  
And consume me

I fell asleep  
Out on the lawn  
I work out a barn  
Way down the road  
I am young but I don't belong  
I am no one who can see your soul  
Your soul  
Oh no

But I told you  
You're not the one

You're not the one  
You never were

I fell asleep  
Out on the lawn  
I work out a barn  
Way down the road  
I am young but I don't belong  
I am no one who can see your soul  
Your soul  
Oh no
