So when summer time  
Comes rollin' by  
I guess that  
I'm just here for your entertainment?

Don't tell me lies  
So where's your guy?  
He'll be talkin' shit  
Until he hits the pavement

I'm another number  
I'm another day of the week  
An attempt to try to sweep  
You off your feet

But they're so heavy  
Now summer's ending  
You're just not worth  
All the time I've been spending

How long 'til they know?  
They already know

You're just a college girl queen  
All the girls wanna be  
I'm just a boy in a band  
You got no time for me  
He's probably what you see  
When you close your eyes  
So good luck, and good night  
And goodbye for a lifetime

As autumn falls  
The classroom calls  
Just know that I'll wait here  
Although I can't take it

I tried to stall  
Refused to fall  
As hard for you  
But I guess I can fake it

You're just a college girl queen  
All the girls wanna be  
I'm just a boy in a band  
You got no time for me  
He's probably what you see  
When you close your eyes  
So good luck and good night  
And goodbye for a lifetime [x2]

Well, you could love me to death  
But you're in love with yourself  
You think that I'll wait for you?  
Baby, don't hold your breath

You're just a college girl queen  
All the girls wanna be  
I'm just a boy in a band  
You got no time for me  
He's probably what you see  
When you close your eyes  
So good luck and good night  
And goodbye for a lifetime
