Went to the fortune teller
Had my fortune read
I didn't know what to tell her
I had a dizzy feeling in my head

Then she took a look at my palm
She said son you feel kind of warm
She looked into her crystal ball
Said you're in love

I said how could that be so
I'm not happy with the girls I know
She said when the next one arrives
You'll be looking into her eyes

I left there in a hurry
A-looking forward to my big surprise
Next day I discovered
That the fortune teller told me a lie

I hurried back down to that woman
Mad as I could be
I said I didn't see nobody
Why'd she make a fool out of me

Then something struck me
Electricity from up above
While looking at the fortune teller
I fell in love

Now I'm a happy fellow
I'm married to the fortune teller
We're happy as we can be
Now I get my fortune told for free

Now I'm a happy fellow
I'm married to the fortune teller
We're happy as we can be
Now I get my fortune told for free
