We're just the dreams that you hate to remember, and
we're drowning in our sleep. In our own bad intentions
and every light will go out before you open your mouth.
Yeah every light will go out before

Is it friction or is it instinct to make these things move
so fast. Is it fiction, the reason or am I just reaching this
time...well maybe I am.

Well I'm the worst at keeping secrets. They're kept
concealed between my lips. We're sinking hearts with
every kiss, and twice as fast as sinking ships.

Is it friction or is it instinct to make these things move
so fast. Is it fiction, the reason or am I just reaching this
time...well maybe I am
