What a wonderful hesitation  
Who would bear to feel sorry for me  
Dropped another pill just to calm me  
Collapsed to my knees and fell fast into sleep  
There I was drifting  
Way out into the sunshine  
Expecting to crash but I'm tied to a string  
Look at me I'm a tangled puppet  
I might be a mess but I sure can survive  
Find myself awake counting sad days  
1-2-3 that's too many for me  
Dropped another pill just to find me  
Reached for my hand  
But It was already there  
Then I started believin'  
That I fell out of a tiny raindrop  
That lost its way when it decided to roam  
Chasing me was a hungry dweller  
But I had escaped it by pretending to die  
Come follow me you won't expect the illusion  
You'll see, it's my imagination  
Hand me your eyes  
I will put them in front of mine  
You'll see a little better  
You'll see a little better  
What a wonderful destination  
Where I am now  
I can no longer see  
Dropped another pill just to kill me  
Collapsed to my knees  
And fell fast into sleep  
There I was drifting  
Way out into the sunshine  
Expecting to crash but I'm tied to a string  
Look at me I'm a tangled puppet  
I might be a mess but I sure can survive  
But I had escaped it by pretending to die
