Yeah, from Chi town to France  
Yeah, We gonna do it, uh, Rhymefest and Air

How you feel there  
Rhymefest breathe this to 'em like fresh air  
On my vespa looking like a real playa  
I could roll up to the club in a wheel chair  
Look he's still there  
Get in our room  
I walk up witcha girl with the harpoon  
Take her to the V.I.P.  
This is our room  
Now you know that this is fame  
Get cha in your pjs watching cartoons  
This is our room  
As i walk down the street whistlin' this  
Lookin for a place cause boy do i miss  
A place i can chill away from fake shit  
I can't play cause i'm not complacent  
My spot at the top will not be vacant  
I whistle as i walk the pavement to pay rent

And the beat goes cah tah cah tah  
Alpha beta gaga could you feel it now  
And the bells go gah ding ding  
Alpha beta gaga got you thinkening  
Can you smell that  
Inhale fresh air  
Exhale that  
From the burbs to the rich upscale flats  
To the paris 94 where they sell crack  
Where the drums, where them ooh, we bells at  
And all the noise you was kickin  
You could kill that  
The dance floor on e  
We can feel that  
Still black  
This is the real rap  
Sometihn you can feel  
When you move you're still trapped  
Realize alpha beta gaga got the real vibe  
Everybody throw your hands in the sky sky

Sippin by the beach sippin on a Mai Thai  
This is my time  
I'm not a referee but the track is so official  
If you rappers out of bound ima blow the whistle

Welcome to the fraternity of Alpha beta gaga  
You will be hazed you will be amazed  
We are coming through and this is our anthem  
When you hear the whistle
