Title: I Still Miss You

I used to be in love with the finer things, (huh)
It was all about the cars and the diamond rings, when I
was with you
You never could afford those kind of things...
(Now I got a man) Now i got a man whose bawling and
all I do..
Is think about how much I miss u

'Cause you know he has a better car
He lets me use his credit cards
I wake up every morning with an attitude
'Cause all I think about is you
And even though he buys me everything I need
That ain't everything I need (No...)
I miss the little things we used to do
And all I think about is you...

(Whoa - whoa~)

(uh)TD screaning the call, calling here on my aresnal
(uh)V.I.P at the bar with my girls sipping crystal
Everything that I want well I want to switch now
I had it all but I threw it all away
I'm sitting in a pink navigator now
I should be happy but I can't even fake a smile
'Cause I'm not with you

And with the trips to the beach now's over seas
Getting by ninety five now spending g's
But money doesn't matter that much to me
'Cause I still miss you

'Cause you know he has a better car
He lets me use his credit cards (Ooo I miss you)
I wake up every morning with an attitude
'Cause all i think about is you (Ooh I miss you)
And even thought he buys me everything I need
That ain't everything I need (no...)

It's the little things we used to do
And all I think about is you (Oo I miss you)

Bridge:
Now I feel alone
I was wrong
Should've kept you heart
Now that ur gone
I realized
That you were mine, I need you by my side

Now I feel alone
I was wrong
Should've kept your heart
Now that your gone
I realized
That you were mine, I need you by my side
True love can't deny

'Cause you know he has a better car
He lets me use his credit cards (Credit cards)
I wake up every morning with an attitude (attitude)
'Cause all I think about is you (I still miss you...)
End even though he buys me everything I need
That ain't everything I need (no...)
It's the little things we used to do (I miss you..)
And all I think about is you (Oo I miss you)

'Cause you know he has a better car
He let's me use his credit cards
I wake up every morning with an attitude (attitude)
'Cause all I think about is you (Oooh ohh no no no)
End even though he buys me everything I need (Buys
me everything I need)
That ain't everything I need (That ain't everything i
need...)
It's the little things that we used to do (Things that we
used to do..)
And all I think about is you...

Oooh I miss you...
Oooh I miss you...
Oooh I miss you...
Oooh I miss you...
