I know so many places in the world
I follow the sun in my silver plane
Universal traveler

If you have a look
Outside on the sea
Everything is white
It's so wonderful
Universal traveler

So far, so far
So far away

I met so many

People in my life
I've got many friends
Who can care for me
Universal traveler

Just feel everywhere at home
Tomorrow
Is a brand new day
Let's go somewhere else
Universal Traveler

So far, so far
So far away
