Air - Waiting Forever  
=====

There'll never be a better chance,  
Why don't you seize the moment?  
I don't know who you think'd gonna turn the page,  
Better do it yourself before we die of old age.

Chorus:

You could be waiting forever.  
You could be waiting forever.

I don't know why you don't seize the moment,  
Sooner or later somebody will.  
Might as well be you now that you've got this near,  
Wait for a day you could wait for a year or...  
Repeat chorus.
