Along the master plan
Heading to the barricade
Diversity or skepticism falls into my brain
I rubbed it with the bow
And I listened to the string
Then the whisper of the end
Slipped into the dialogue
I'm the ghost in the rain
The rainbow
You can't discern
I'm standing there
Ghost in the rain
The same old
You carry on
The world will find you after all

Among the diagrams
Consistency would be found
And a spectrum in desperation
Lead me astray
So stay uncivilized
Independence would remain
When deception is revealed
Witness what's been jeopardized

I'm the ghost in the rain
The rainbow
You can't discern
I'm standing there
Ghost in the rain
The same old
You carry on
The world will find you after all

Diversity or skepticism falls into
Falls into my brain

I'm a ghost in the rain
The rainbow
You can't discern
I'm standing there

I'm a ghost in the rain
The rainbow
You can't discern
I'm standing there
Ghost in the rain
The same old
You carry on
The world will find you after all
