[Kim]

Anger eat me up,
Consume my jealousy
Try to think good thoughts,
Don't come easily
Say something nice,
Nothing at all
Killing in my kindness,
Watch their faces fall
Feels so good not to be me,
Even in the stores,
Not my scene
Not be me
Feels so good,
If I was a cake I'd be Angel's Food
So sweet/ so soft/ so light/ so sweet
So soft/ so light/ try a bite...

Anger eat me up,
Consume my jealousy
Try and think yr good,
Buildup easily
Say something true,
Hammering (?) it all
Kill my jealousy,
Watch their noses fall
Trying to be perfect,
Never get enough
Boys are lucky virus,
Gonna make me tough
Being me feels good,
Playing kerosene
If I was a cake I'd be Devil's Food
So sweet/ so dark/ so dim/ so hard
So sweet/ so dark/ so dense/ try a bite...

Love my sister, love my sister
Oh brother
