Nigger fuck your blog  
Nigger fuck your blog  
Nigger fuck your blog  
Nigger fuck your blog  
Nigger fuck your blog  
Nigger fuck your blog  
Nigger fuck your blog  
Nigger fuck your blog  
Nigger fuck your blog  
Nigger fuck your blog  
Nigger fuck your blog  
Nigger fuck your blog  
Nigger fuck your blog  
Nigger fuck your blog  
Baby check check your blog  
Anyone talk about...  
Is he real? He can't rap  
Take that back, I rip all tracks  
And some blogs be talking smack  
,... long time to react  
Yes, we do  
And sold-out shows so screw you too  
Floss got fame now, he's sexy  
Damn, these girls be all on me  
Open those legs bon appÃ©tit  
Give me those toes when you lick them feet  
Like doggy food, I'm pedigree  
So hating blogs get off of me  
Don't care about what you gotta say  
And no, I'm not Charlie Murphy

I hang with a G, bang with a jeep  
Got lady fans that really wanna sang with a jeep, y'all  
Think it's a date, won't creep, wanna peep  
Trying dig up dirt, yeah the jeeps gon' sleep  
Two,. lose it have a,  
Where I'm from? Does it make a difference?  
If I said to look away, would you turn around  
And take me off the hit-list?  
I don't think so  
Are you mad right now? Yeah, I know  
Go home, put your thumb in your mouth

And lay in a position that's fetal  
No time for babies  
All the credit to the fans who ladies  
Start writing this trash in your blog  
Play around, acting like you hate me  
Yung Humma  
Yeah  
I'm a Mac Pro with an afro  
And you guys blow like the Satchmo  
And my cash flow out the asshole  
And my last show was the Camp Tour  
Saw your blog on Thursday  
You only re-blog shit girls say  
You didn't re-tweet my birthday  
All your comments say firsts are so gay  
Okay, we the fan boys  
Sex fantasies with Androids  
But I fucking mean what I'm writing  
If I see you, nigger we fighting  
On that shit, take a whiff  
Move in silence like a.gif  
If you try to hack my phone, you'll see pics when you  
ain't home  
Man, royalty to the maximum  
Got racks, and we stacking them  
I like beef when it's actual  
I love how niggers talk that shit when you know you  
ain't catching 'em  
Man, racist on your page, you should be on,,  
Is that really how you feel?  
Nigger, the internet isn't real!  
Yeah, I saw a lady get fucked in the ass by a goat  
Laugh for an hour, that's all she wrote  
Would I laugh if I saw that shit in real life?  
Yes  
Fuck your broad with a broomstick  
I could fuck your girl with a Q-Tip  
If I see you, nigger let's do shit  
Boy, you stupid
